Re: Copies from public registry for your information

Dear Dave:

As requested in your e-mail dated December 5, 2000, I am attaching, for your information, the following information from the public registry:

- 1) NWB2JAM0002-application
- 2) NWB2TAK0002-application

Please note that the above two used to be one combined permit (NWB2LYT9800). No annual reports have been submitted for these two permits yet, nor are there any annual reports for the previous permit:NWB2LYT9800.

- 3) NWB2DIA0002-application. This is a new permit, so no annual report has yet been received.
- 4) NWB2KIK0002 most recent renewal application and annual report
- 5) NWB2ROC0002- most recent renewal application; no annual report available.
- 6) NWB1JER9801 no recent annual report; Tahera has filed a new application a few times (and withdrawn a few times). The most recent application was received on September 27, 2000, and I am attaching this one. Please note that this application has not yet been approved and that it is currently undergoing NIRB's processes. As well, the application includes a letter from Bruce Ott dated November 10, 2000 with a list of the EIS documents submitted. If you want a copy of these, please contact Tahera directly. If you want a copy of the old application from 1998(the one used for the current licence-NWB1JER9801), let me know.
