Subject: Anticipated Submission of the Madrid-Boston (Phase 2) FEIS and Type A Water Licence Applications

Hi Kofi and Karén,

In response to the NIRB's November 15, 2017 correspondence, TMAC anticipates the submission date of the Madrid-Boston FEIS to be delivered to the NIRB's Cambridge Bay office on December 21st, 2017.

Annex V1-7 of the FEIS will include an application for Amendment No. 2 of Water Licence 2AM-DOH1323 and a application for a Type A Water Licence to support water use and waste management associated with the Boston Site. These Water Licence Applications and all associated information (including the FEIS in electronic form) are anticipated to be delivered to the NWB's office in Gjoa Haven on December 20th, 2017.

TMAC looks forward to a productive coordinated review process with the NIRB, NWB and all intervening parties.

Please let me know if you have any questions.

Regards,
Oliver
