That's correct Sergey. We will also complete the standard NWB amendment application form, slightly tweak the Modification Package and attach it, provide a cover letter, etc.

Thanks,

Merle

Thank you for clarifying this Merle.

I just wanted to confirm how you want us to proceed with the Modification Package submitted back in June.

From what I understand, we are still waiting for the updated Water and Load Balance Model, as well as the updated Management Plans listed in the NIRB's letter, dated August 11, 2020, in order to start the Application review. Is this correct?
