RE: Extension Request for Sabina Gold & Silver Corp. to Address Comments Received for the Back River Project 2018 Annual Report

Dear Jaida,

Sabina Gold & Silver Corp. (Sabina) is respectfully requesting an extension until July 19th, 2019, for our opportunity to address the comments received on our 2018 Back River Project Annual Report.

Sabina has determined that additional time is required to supply a comprehensive response to the comments received. Going forward, Sabina will provide adequate time to regulators for their review and comment period, as well as ensure necessary internal resources are available.

Best Regards,
