Good afternoon Richard,

Please find attached Crown-Indigenous Relations and Northern Affairs Canada's presentation for the upcoming technical meeting for Sabina Gold & Silver Corp.'s amendment application for their type A water licence 2AM-BRP1831 for the Back River Project.

We do not yet have the version translated into Inuktitut and will be sharing it as soon as we receive it.

For the technical meeting:

- CIRNAC will attend and is available on March 26th. Should the meeting continue on March 27th, we will answer outstanding questions via email or phone on Monday March 30th.
- Staff attending will be:
 - Bridget Campbell, Acting manager for Water resources
 - Sarah Forté, Water management specialist
 - Rick Hoos, consultant with Tetra Tech

All will attend the technical meeting and only the first two will attend the pre-hearing conference.

- CIRNAC wishes to make a formal presentation, which is attached to this email.

We have reviewed the draft agenda and would appreciate confirmation that no community session is planned.

Regards,

Sarah
