Hi Richard,

As per the TM-PHC Decision Report, Appendix D, Commitment #3, Sabina is required to provide a Technical Memo by May 17, 2021 detailing additional Hydrodynamic Model results. Sabina has been working hard to produce updated model results however is requesting an extension to May 27, 2021 to provide the Technical Memo.

Sabina has discussed this on the phone with the KIA and has emailed ECCC and CIRNAC notifying them we will be asking for the extension.

Thanks very much,

Merle
