Dear Mr. Keefe and Mr. Pickard:

This correspondence is to confirm that the information Sabina Gold & Silver Corp. (Sabina) provided to the Nunavut Water Board (NWB or Board) on October 16, 2020 in response to the NWB's technical review comments¹ pertaining to Sabina's 2019 Annual Report addresses all NWB's questions.

Additionally, the NWB has reviewed the Plan entitled *Back River Project Incineration Management Plan, dated July 2019*, which Sabina submitted on October 21, 2020 in response to the Board's request to include the information on the routine follow-up stack testing, and found this Plan functional and generally satisfying the requirements of Water Licence No: 2AM-BRP1831.
