Subject: Transition of Newmont Environmental Management at Hope Bay

Dionne / Dave / Phyllis

Now that I have returned from Africa, Mike Meyer and I will complete the transition from his role as interim Director of Environment and Social Responsibility to my taking on the full-time role. I will now become the normal contact with the NWB for Hope Bay Mining. Mike has most recently been working with David on the approval for the occupancy of the temporary camp with the Pacto toilets. We all really appreciate the effort of Dave and the other staff at the Board on this issue. I look forward to working with you all again. It has been a long time. I hope in the near future to make arrangements to sit down with the NWB staff to discuss Hope Bay on issues related to open burning, the proposed Doris / Windy road and other relevant topics.

Sincerely yours'

Chris Hanks
 Director, Environment and Social Responsibility
 Hope Bay Mining Ltd.
