Re: Doris Hinge Project

The Nunavut Water Board received a new application from Hope Bay Joint Venture for mine development.

The application has been forwarded to the Nunavut Impact Review Board for their determination.

In the meantime, we'd like to let the distribution know that the application is available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder "NWB1DOH."
The application consists of

- cover letter dated March 20, 2002
- application form
- supplementary questionnaire
- Project description including summaries in English, Inuinaqtun, and Inuktitut, and including other applications and policies

No deadline has of yet been set for the review of this application until it has been determined what process(es) are being followed by the various agencies involved.

Sincerely,
