Hi Megan,

In Dec. 2011 we submitted an amendment application for 2AM-DOH0713 that we then cancelled because Newmont put the project into care and maintenance. The \$30 admin fee for that application was therefore not used at the time. This new application you are processing is an updated version of that original application from 2011. When we were getting our application ready, I had contacted Phyllis about the administration fee. She said the administration fee for that old application could be applied to this application and asked that we make a note of this on the application form.

Does that make sense?

Hello,

I am the administrator of the above file mentioned. As i was going through the application i noticed that in the application it states that a Administration fee of \$ 30.00 was (previously submitted) but in our records it only shows that we received a cheque in that amount on February 2013 for the Assignment application.

We need the \$ 30.00 administration fee for the 2013 Amendment application.

Thanks,
