Dear Parties:

Please find attached the request by INAC to further extend the completeness check and Information Request comment period from the date of February 14 to February 21, 2018. By way of this email, the NWB invites the Applicant and any other interested parties to provide their views regarding the further extension request **on or before February 7, 2018**.

The NWB notes that a further extension may have an impact on the ability of the NIRB and NWB to continue coordination of technical review commenting periods and subsequent coordination of a potential NIRB Final Hearing with a potential NWB Technical Meeting and requests that parties expressly address this issue if they provide comments about the extension request. Following the receipt of comments next week, the NWB will consider the extension request and will provide the parties with notice of the NWB's decision shortly thereafter.

Regards,
