**Re: TMAC response to Information Requests on the Type A Water Licence Applications for the Madrid-Boston (Phase 2) Project**

Dear Mr. Kharatyan,

TMAC Resources Inc. (TMAC) received letters for the Completeness Check/Information Requests on the Boston Type A Water Licence Application and Amendment No. 2 to 2AM-DOH1323 from the following agencies:

- Fisheries and Oceans Canada (DFO);
- Environment and Climate Change Canada (ECCC);
- Crown Indigenous Relations and Northern Affairs (CIRNA); and
- Kitikmeot Inuit Association (KIA).

No information requests were received from CIRNA or DFO. Both DFO and CIRNA confirmed that the applications had sufficient information from a completeness standpoint.

TMAC is pleased to provide to the Nunavut Water Board (NWB) the attached responses to information requests received from the KIA and ECCC.

Should you have any further questions please feel free to contact me at [oliver.curran@tmacresources.com](mailto:oliver.curran@tmacresources.com).

Sincerely,
