Re: Opportunity to Review Response to Comments Submitted by TMAC Regarding Board Recommendations 9 and 10

Dear Parties:

On November 27, 2013 the Nunavut Impact Review Board (NIRB or Board) issued its *2012 – 2013 Annual Monitoring Report for TMAC Resources Inc.'s Doris North Gold Project* (Monitoring Report). Based upon the Board's annual review of materials related to the Doris North project, it made a number of recommendations to TMAC Resources Inc. (TMAC) in regards to the Doris North Project (NIRB File No. 05MN047).

On January 7, 2014 the NIRB received the enclosed response from TMAC in relation to the Board's Recommendations 9 and 10 which required TMAC to provide responses to comments received from interested parties and pertaining to HBML's 2012 Wildlife Mitigation and

Monitoring Program (WMMP) Annual Report and updated WMMP¹. This information, as well as the Board's Annual Monitoring Report and the subsequent recommendations can be accessed from the NIRB's public registry at:

<http://ftp.nirb.ca/03-MONITORING/05MN047-DORIS%20NORTH%20GOLD%20MINE/03-ANNUAL%20REPORTS/01-NIRB/2013/>

Submissions will be accepted via email to info@nirb.ca or via fax to (867) 983-2594 until **February 12, 2014**.
