**Re: Information Requests Received from Parties Regarding TMAC's Amendment  
Application for the Doris North Project**

---

Dear Ms. Gillard,

On February 21, 2014 the Nunavut Impact Review Board (NIRB) provided TMAC Resources Inc. (TMAC) with the Information Requests (IR) that had been received by NIRB regarding our application to amend the Doris North Project Certificate (05MN047) and Water Licence (2AM-DOH1323). Submissions were received from Aboriginal Affairs and Northern Development Canada, Environment Canada, the Government of Nunavut, the Kitikmeot Inuit Association, Natural Resources Canada, and Transport Canada.

In your letter you requested that we provide NIRB with an indication of our anticipated date for submission of our IR responses. We have carefully reviewed all the IRs and are in the process of completing them. Although many of the IR responses are relatively straightforward, there are some that require additional modelling and therefore a longer response time. We have also reviewed the IRs that we recently received from the Nunavut Water Board and intend on responding to these IRs at the same time as we respond to NIRB IRs in order to facilitate the joint review process. We expect to be able to provide a complete set of responses to all IRs by April 18, 2014.

Should you have any questions regarding our responses, please contact me at [lea-marie.bowes-lyon@tmacresources.com](mailto:lea-marie.bowes-lyon@tmacresources.com).

Sincerely,

**Léa-Marie
