Re: Workshop for TMAC Resources Inc.'s 2015 Amendment to the Doris North Gold Mine Project Certificate

Dear Tara Arko:

As requested, find attached a list of terms and conditions extracted from the submitted draft amended NIRB Project Certificate that the NWB expects to include into the amended Water Licence, Type "A" Licence 2AM-DOH1323 for the TMAC Resources' Doris North Project. Please, note that the inclusion of some of these conditions depend on the NWB's approval of the Licence amendment.

The NWB would also like to confirm the attendance to the Project Certificate Workshop on September 20, 2016; the NWB will be represented by Sonia Aredes, Technical Advisor assigned to the Doris file and David Hohnstein, Technical Director of the NWB.

Regards

Sonia Aredes
