Re: Appointment of NIRB Interim Monitoring Officer

Dear John Roberts:

As you are aware, in accordance with Term and Condition 4.4 of the Amended Doris North Project Certificate No. 003 issued by the Nunavut Impact Review Board (NIRB or Board) on September 23, 2016 the NIRB is required to assign a Monitoring Officer to monitor the Doris North Project as it proceeds.

As I am Acting Director, Technical Services until April 1, 2018, I will be transferring the Monitoring Officer responsibilities to Kofi Boa-Antwi, Technical Advisor II, until my acting assignment is complete. Kofi's experience with Doris North as the file lead for the NIRB's Review of TMAC Resources Inc.'s Phase 2 Hope Bay Belt (NIRB File No.: 12MN001) project proposal and his accompaniment on the last two (2) Doris North site visits will greatly assist in the smooth transition of the file during the next monitoring cycle.

Please ensure that any materials submitted to the NIRB are done so electronically either via our info@nirb.ca account or through our online registry at www.nirb.ca by using any of the following search criteria:

- Project Name: Doris North Mine
- NIRB File No.: 05MN047
- Application No.: 123632

Until April 1 2018, all correspondence pertaining to the Doris North Project may be addressed to the Board as follows:

Nunavut Impact Review Board
Attn: Kofi Boa-Antwi
Technical Advisor II
P.O. Box 1360 (29 Mitik St.)
Cambridge Bay, NU X0B 0C0

If you have any questions regarding the transition of the file or more general process issues, please feel free to contact myself at kgillard@nirb.ca or (867) 983-4619. For all other inquiries please contact Kofi at kboaantwi@nirb.ca or (867) 983-4616.

Sincerely,
