RE: Doris Gold Mine Proposal

Indian and Northern Affairs Canada (INAC) is of the understanding that responsibility for implementation of the Navigable Waters Protection Act has been transferred from Fisheries and Oceans Canada (DFO) to Transport Canada (TC). In our consideration, it is possible that TC may therefore may now be triggered as a responsible authority (RA) under the Canadian Environmental Assessment Act (CEAA) for the afore-mentioned project.

As a RA on the BIPAR proposal, INAC requests that TC complete the attached form and respond to us within 10 working days (May 21, 2004). Please copy your response to Hugh Wilson on behalf of Miramar Hope Bay Limited, as well as David Robinson at the Canadian Environmental Assessment Agency (CEAA) and Stephanie Briscoe of the Nunavut Impact Review Board (NIRB).

If you require additional information to make a determination under Section 5 or Section 12(2) of CEAA, please do not hesitate to contact me at (867) 975-4554 as part of your efforts to locate the necessary information.

Sincerely,

Original Signed By

Janice Traynor
Environmental Scientist
Environment and Contaminants Division

cc Mr. Hugh Wilson, Environmental Affairs Manager for Miramar Hope Bay Ltd.
Ms. David Robinson, Canadian Environmental Assessment Agency
Ms. Stephanie Briscoe, Nunavut Impact Review Board
