Appended to this letter, in the format requested by the boards, we submit the KIA's technical review comments for the Certificate amendment application and water licence amendment application. KIA will attend the Joint Technical Meeting scheduled for late January 2016. KIA will participate as of right in the NIRB and NWB proceedings which follow.

With respect to the NWB Notice under sections 59 and 60(2) of the *Nunavut Waters and Surface Rights Tribunal Act*, KIA is a land owner and represents both instream and domestic users of water in the affected area. In addition, KIA has rights as the

DIO under Article 20 of the NLCA. KIA advises the NWB, however, that it has settled outstanding water compensation matters with TMAC and that an agreement satisfactory to both parties is in force. KIA will provide additional information in this regard in its intervention to the NWB for the water licensing hearing.

If there are any questions about this submission of the KIA comments, do not hesitate to contact me.

Yours truly,
