Dear Ms. Beaulieu,

**Re: Comments on Renewal Application for Hope Bay Water Licence 2AM-DOH0713**

TMAC has reviewed comments by AANDC (July 2, 2013) and KIA (June 24, 2013). We concur with the AANDC comments and would thank AANDC staff for working through the process with us. TMAC will continue to involve KIA in the review process for updating plans associated with the three Hope Bay Water Licenses going forward. The company has an productive dialogue with KIA on a number of issues related to surface land management of the IOL, which forms the vast majority of the Hope Bay surface regime.

TMAC has no further submissions to make on the renewal application at this time.

Sincerely yours,
