- $\Lambda \subset \mathcal{N} \Delta^{\mathbb{Z}} \subset \mathcal{N} \sigma^{\mathbb{Z}} \mathcal{J}^{\mathbb{Z}} \Lambda^{\mathbb{Z}} \Delta^{\mathbb{Z}}$

-
- A photograph of a rocky stream with white water rapids. The water is turbulent, creating white foam and spray as it flows over dark, wet rocks. The surrounding area is lush with green moss and small plants, particularly visible along the edges of the stream. The overall scene is dynamic and captures the raw energy of the water.

A wide, flat landscape under a dramatic, cloudy sky. The foreground is a dark, textured expanse, possibly water or a marsh. The middle ground shows a flat, open area with some distant structures or trees. The sky is filled with large, white and grey clouds, with patches of blue visible.
