Ida,

I am not sure why but I did not receive your June 2 notice requesting comments on the AEMP and it would appear that neither our generic email box (ec.ea.nu@ec.gc.ca) nor Anne Wilson (anne.wilson2@canada.ca) our water quality expert received the email either. I only learned of the comment request recently from INAC – please verify that the distribution list is up to date.

Regarding the AEMP and SNP

ECCC has no comments on either the AEMP nor the SNP at this time but given that we only recently learned that comments on these plans were expected we respectfully request the option to submit comments in the near future as our expert is otherwise engaged for the remainder of the week.

Please contact me if you require more information.

Thanks

Mark Dahl
