Attention: Ms. Stephanie Autut, Executive Director

Dear Ms. Autut,

Attached are TMAC's responses to comments received from the Kitikmeot Inuit Association (KIA), Indigenous and Northern Affairs Canada (INAC), Environment and Climate Change Canada (ECCC), and Fisheries and Oceans Canada (DFO) on or before June 22, 2016. TMAC is aware that ECCC has indicated that additional comments would be forthcoming after June 22. These comments have now been received and are being reviewed. TMAC anticipates providing responses to these additional ECCC comments on or before July 8.

TMAC would like to thank the reviewing parties for their comments and for working with TMAC in delivering a timely and complete review. In particular, we appreciate that each of the reviewing parties indicated at the end of the Pre-Hearing Conference held on June 24, that there was no impediment to proceeding directly to the required public hearing. TMAC looks forward to the next steps in the NWB review process, in particular the setting down of the public hearing in late August or early September as requested by TMAC in previous correspondence.

Kind regards,

A handwritten signature in blue ink, appearing to read 'John Roberts', with a stylized flourish at the end.

**M. John Roberts**

Vice President, Environmental Affairs  
TMAC Resources Inc.
