Hi Richard,

I am corresponding with you on behalf of Fisheries and Oceans Canada (DFO) Fisheries Protection Program (FPP) as per the Nunavut Water Board's (NWB's) request for the following:

1. additional technical comments
2. comments on the PHC draft agenda
3. confirmation of the interveners' participation in the PHC teleconference

1. Please note that DFO-FPP has no additional comments. As a note for TMAC, on page 9 of the draft Environmental Protection Plan in Section 2.2 In-Water works in freshwater environment, sub-section 2.2.1 Potential concern there is a reference to the marine environment which I think is mean to refer to the freshwater environment.

2. DFO-FPP has no comments on the PHC draft agenda

3. I, Angie McLellan will attend as DFO-FPP's intervenor in the PHC Teleconference on July 31, 2018.

Sincere Regards,

Angie
