Re: Construction and Quarry Monitoring Memo for the 2021 Waste Rock, Quarry and Tailings Monitoring Report – Hope Bay Project 2021 Nunavut Water Board Annual Report, Appendix F

Dear Mr. Shaikh,

As mentioned in the Agnico Eagle (Agnico) Hope Bay submission to the Nunavut Water Board (NWB) on March 31, 2022 (Re: Hope Bay Project - 2021 Nunavut Water Board Annual Report), Agnico is providing a supplementary submission to the 2021 NWB Annual Report. Specifically, this supplementary submission supersedes the previous Appendix F of the 2021 NWB Report provided on March 31 as it includes the Construction and Quarry Rock related attachment of the 2021 Waste Rock, Quarry and Tailings Monitoring Report, Doris and Madrid North Mines (SRK, 2022).

A secure link to a complete digital and downloadable copy of the report is available at the location, saved [here](#).

Should you have any questions please feel free to contact me at nancy.harvey@agnicoeagle.com.

Sincerely,

Nancy Duquet Harvey
Environmental Superintendent
Agnico Eagle Mines Limited – Hope Bay
