Re: Amendment Application No. 1 to Nunavut Water Board Water Licence No. 2AM-DOH1323, Revised Reclamation Cost Estimate Submitted by Indigenous and Northern Affairs Canada

To Whom It May Concern,

Please find attached a revised reclamation cost estimate that has been prepared by AMEC Foster Wheeler on behalf of Indigenous and Northern Affairs Canada. The estimate has been calculated using the RECLAIM Model, Version 7. The original estimate submitted on December 8, 2015 has been updated based on discussions with departmental staff and discussions with TMAC Resources Inc. and their consultant (SRK Consulting (Canada) Inc.) during the January 28-29 Nunavut Water Board technical meeting in Cambridge Bay, NU.

Indigenous and Northern Affairs Canada will work with interested parties to address differences in submitted cost estimates.

Sincerely,

David Abernethy
Regional Coordinator
Water Resources Division
Resource Management Directorate
Indigenous and Northern Affairs Canada
