Good morning,

The Nunavut Water Board acknowledges receipt May 24, 2023, of the revised Updated Closure Security Estimate. This is a requirement of the Type "A" Licence 2AM-DOH1335 - Part j, item 6, "to submit an updated estimate of total mine closure restoration liability, within twelve (12) months of entering Care and Maintenance and every three (3) years thereafter" when the project is in Care & Maintenance.

The Nunavut Water Board invites interested parties to submit comments by the deadline of **June 22, 2023**.

Due to the file size copies of the documents can be accessed through the NWB's Public Registry and FTP site using the following Link:

<ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2A/2AM%20-%20Mining/2AM-DOH1335%20AEM/3%20TECH/C%20SECURITY/2022/230524%20Reclaim%20Security%20Update>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
