Good afternoon,

As the deadline for response was **October 3, 2023**. The Nunavut Water Board would like to confirm whether or not Agnico Eagle will be providing a response to CIRNAC's review, or would like to request an extension?

Please let me know if you have any questions or concerns.

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
