Cc: Ali Shaikh <ali.shaikh@nwb-oen.ca>, Licensing Department <licensing@nwb-oen.ca>

Good morning John,

The Nunavut Water Board would still appreciate a presentation, summarising KIA involvement with the process, for NWB records.

Regards,

Robert Hunter
Licensing Administrator

Hello Robert since the update of the reclamation security for Doris-Madrid Type A was a joint submission by AEM and KIA as per our Framework Agreement and that KIA has been involved with AEM in the discussions with CIRNAC on the amount of security. KIA has no presentation materials for the upcoming teleconference Technical Meeting to be held in April 2024.

Thank you.

John

Subject: 2AM-DOH1335 Board Initiated Amendment to Security

Good morning,

Please find attached pertaining to water licence security amendment.

The Board also provides the following procedural guidance for the **next steps** in the Board's consideration of the Board-initiated Amendment:

- The Board invites the Licensee and interested persons to submit any further submissions or presentation materials for the upcoming teleconference Technical Meeting (TM) to the Board no later than **March 15, 2024** (3:00 p.m., MST)
- The Board proposes that the Board staff will hold a Technical Meeting (TM) by teleconference sometime in the week of **April 8, 2024** (tentatively proposed for Tuesday, April 09, 2024).
- This Notice of the Board-initiated Amendment will also be forwarded to the council of each municipality in the area(s) most affected and Notice of the Amendment shall be published in a newspaper of general circulation in the area(s) affected or, if there is no such newspaper, in such other manner as the Board considers appropriate.
- In the week before the Technical Meeting, the NWB will issue correspondence that will confirm the date, format, Agenda and other relevant details for the TM.

Copies of the comments received from Intervening parties, submissions from the Licensee, and all documents associated with the future potential Amendment have been placed in the Board's Public Registry and made available through the NWB's FTP site using the following link:

<ftp://ftp.nwb-oen.ca/registry/2%20MINING%20MILLING/2A/2AM%20-%20Mining/2AM-DOH1335%20AEM/3%20TECH/C%20SECURITY/2023>

The Nunavut Water board is aware that a number of web browsers are no longer supporting File Transfer Protocol (ftp). If you are having difficulty accessing our FTP site you may need to download an FTP application. We have been recommending the FileZilla Client below to access the files, which is a free and open source application. A link can be found below:
