Existing Infrastructure Ground Elevation above **Obstacle Limitation Surface**

Existing Roads and Infrastructure

Lakes, Ponds or Permanent Water Bodies Streams

Lease Boundary

NOTES

- 1. It is the owner's responsibility to mitigate the areas which are above the obstacle limitation surface.
- 2. The Contractor is responsible for creating access to the works in the quarry within the limits as shown on the Drawings.
- 3. The Contractor shall ensure the blasted floor have natural drainage. All blasted material shall be excavated to expose intact rock surface for survey and approval by the Engineer. Additional small scale rock breaking or blasting might be required to ensure natural drainage in the intact rock foundation. Once the intact rock surface is surveyed and approved, the Contractor could backfill the floor for traffic and other purposes.
- 4. Notes in this drawing apply to all other active drawings.
