Hope Bay Mining Project

Subject:	Doris North Pad Q Expansion	Project Zone/Area:	Doris North
Company:	Nuna Logistics Ltd. (Nuna)	Station/Location:	Pad Q Expansion
Attention:	Ishan Fechter, Kevin Whieldon	Discipline:	Civil

AFE:		Specification Number:	
Related Drawings:	HB+D-CIV-CIV-OND-128	Related Documents:	

Related WBS Code		WBS Code Description:	

Information Request/Description of Issue/Approval Required:

The SRK IFC Package for the Doris North Pad Q Expansion, issued June 13th, 2011 indicates in Detail 2 - Upstream Diversion Berm, that bentonite powder is to be placed under the base of the horizontal GCL liner.

Proposed Corrective Action:

Nuna is proposing to replace the bentonite powder with bentonite chips for the area under the GCL Liner as shown in Detail 2, as this product is readily available onsite.

Originator: Mike Price October 2nd, 2011

	☐ Vendor Change	☐ Designer Change	☐ Other

Note: RFI's are not authorized change documents and cannot be used to direct a change in contract requirements. If Newmont's response on the RFI has cost and/or schedule effect, it is the contractor's responsibility to immediately advise Newmont. Work undertaken without Newmont written authorization is at the contractor's risk and expense

☐ Corrective Action Approved

☐ Correct as Follows:

Response:

Bentonite chips would be a suitable alternative to Bentonite Powder. Please ensure adequate quantity of Bentonite chips are applied to the ground surface to ensure a complete seal between the liner and the ground surface

Responsible Newmont Representative:

Lowell Wade
