Nick/Glen,

Subject: North Dam

Site Instruction - Eliminate PVC Pipe

Attached you will find a "Site Instruction" regarding the PVC pipe originally outlined in the Technical Specifications Section 9 Instrumentation (Clause 9.2.1 Ground Temperature Cable Installation) that has now been eliminated.

JDS Energy & Mining Inc. has discussed this matter with SRK Consulting (Canada) Inc. and they have agreed to eliminate the PVC pipe.

• DO NOT PURCHASE PVC PIPE FOR THE VERTICAL GROUND TEMPERATURE CABLE INSTALLATIONS.

Subject: Vertical Ground Temperature Cables - PVC Pipe

Nick,

The PVC pipe associated with the vertical ground temperature cables for the North Dam has been eliminated.

This was discussed with SRK and will come as no surprise to them.

I will issue a "Site Instruction" to this effect.
