NOTES GÉNÉRALES / GENERAL NOTES

NOTES

- All units are in meters unless otherwise specified.
- All drawings are scaled appropriately for D-Size drawings. These drawings can therefore be plotted at half size to fit D-size. Scales may not be correct if these drawings are reproduced and presented in any other format.
- All drawings should be read and interpreted in conjunction with the latest Earthworks Technical Specifications Document (Technical Specifications - Earthworks and Geotechnical Engineering - Hope Bay Project, Nunavut Canada - Issue for Construction) prepared by SRK. If contradictions are identified, the on-site engineering representative should be consulted to determine the correct specification.
- The Pad U rock storage area shall be a minimum of 1.0 meters thick.
- Notes or specifications on any of the drawings apply to all current drawings in this drawing set.
