Hello Sean,

As per our phone conversation, we will prepare a letter with the information you requested regarding the burning of the explosives at Doris North and send it to you next week.

Have a good week-end,

Lea-Marie

Hello Lea-Marie:

The Nunavut Water Board (NWB or Board) has some concerns about the potential impact that the proposed activity could have on freshwater resources within the project area.

As such, the Board is requesting that detailed information be provided with respect to how the activity will be conducted, relevant approvals obtained, and measures that will be implemented to prevent the deposit of waste generated from the activity into water prior to undertaking the activity.

Upon receipt, the Board intends to distribute the information provided to the public for a thirty (30) day comment and/or review period

Regards,

From: Lea-Marie Bowes-Lyon [<mailto:Lea-Marie.Bowes-Lyon@Newmont.com>]

Hello Andrew,

With Ian no longer at AANDC, I am forwarding these notifications regarding the Hope Bay project to you until we have a new water resources inspector assigned to our project. If you could let me know whether you are the correct person to be forwarding these notices to I would appreciate it.

If you have any questions about these submissions, please contact Angela (copied on this e-mail).

Thank you,

Lea-Marie
