Hi Jill,

Thank you for the detailed discharge notice and the coordinates provided. I acknowledge and authorize the discharges upon receipt of compliant sample results.

Compliant berm water may be used for dust suppression or other industrial uses as proposed.

ST-6A may be discharged to the Overburden Stockpile as proposed, provided all criteria other than TSS are met.

Regards,

Eva Paul

Hello Eva;

Please see attached two notices for planned discharges from facilities under 2AM-DOH1323 and 2BB-BOS1217, in anticipation of spring melt. If you have any questions, please let me know, thank you,

Jill Turk**Environmental Coordinator****TMAC Resources Inc.***"Building Canada's Next Gold Mining District"*
