2AM-DOH1335 and 2BB-BOS1727 burning request

John Roesch <JRoesch@lands.kitia.ca>

Mon, Jul 4, 2022 at 3:12 PM

To: Richard Dwyer <richard.dwyer@nwb-oen.ca>

The KIA has no comments on the burning request of the former Windy Camp and Boston Exploration Camp at the Hope Bay Project. We have discussed the matter in advance with AEM and support the efficient disposal of wood from these locations using the burn pan in Quarry 2 at Doris North. The paint on the wood is free of lead and possess no environmental risk in burning it at the Quarry 2 burn pan.
