C.P. 119

I am following up on the submission that was made for the Hope Bay Spill Contingency Plan last February 5. This plan revision has not yet been uploaded to the ftp site and we have not received a receipt from the NWB. I had included a "read-receipt" on that e-mail but I did not receive a "readreceipt" from you. Could you provide me with an update on the status of that plan?

We would love for the plan to be posted on the ftp site so that regulators interested in reading this revised plan, which was a requirement for our renewed water licence 2AM-DOH1323, could have access to it.

Thanks!

Lea-Marie
