Hi Nancy,

Thank you for notifying us about the extension. The NWB looks forward to receiving the Annual Geotechnical Inspection Report by April 15, 2022.

Good morning Ali

As required under Part I, Item 9 of the 2AM-DOH1335, the results of our annual geotechnical inspections (AGI) are submitted at the same time as the annual report. Exceptionally for this year, Agnico Eagle – Hope Bay requests an extension of the submission of the AGIs, due to the report still being finalized by the consultant and requiring time for Agnico to prepare the responses to the recommendations. Agnico is targeting a submission by April 15th for the AGI report and responses to the recommendations.

All other annual submissions due to NWB will be submitted by the end of the day.

Thank you for your consideration.
