

Presenter's Guidelines

Sabina's Hackett River Project - Mineral Development Advisory Group Meeting
May 6-8, 2008 - Cambridge Bay, Nunavut

Purpose of the Meeting

The intention will be for these presentations to be as specific as possible as to the role of the individual participating organization as their role would relate to this project, likely key areas of focus, and to engage in dialogue surrounding regulatory process, and pose questions/concerns in response to the materials presented by Sabina.

As indicated in the Terms of Reference; the expected results of this MDAG meeting are as follows:

- *Enhanced certainty for proponents, in terms of understanding land use planning, environmental assessment and regulatory requirements and expectations.*
- *High quality project descriptions that will fully inform Institutions of Public Government (IPG), regulators, and support meaningful public participation in any review process.*
- *Minimization of delays (during environmental assessment or regulatory processes) caused by basic information-gaps or lack of understanding about relevant regulations or policies.*

Presentation guidelines

Duration

With the large number of presentations, it is critical that each presenter respect a **15 to 20-minute** time limit. I realise this does not give each presenter much time, however, there will be extra time available on Thursday May 8th for a final debrief as well as the possibility of focus meetings with Sabina as required. If you really need more time, please contact me and I will do my best to accommodate.

Content

The suggested Content is as follows:

1. General overview of the Department/Agency's Regulatory role and Mandate.
2. The specific Regulations which apply to the Hackett River project.
3. Contact name within the Department/Agency.
4. Question period.

Format

Preferred format is PowerPoint. It would be appreciated if you could send an electronic copy of your report by email to me by **Thursday May 1st, 2008** at noon. You will also be responsible for bringing 50 hard copies of your presentation for distribution at the meeting.

Your presentation will be transferred onto a laptop in the meeting room. At the end of the meetings, a CD with all the collected material will be given to Sabina.

Should you have any questions, please do not hesitate to contact Diane Charles by phone: 867.975.4657, or email: CharlesDM@inac-ainc.gc.ca.
