Aug 4, 2010	15:48	Charlie Evalik, President, Kit IA	<p>e-mail to, from PS re: Dear Charlie,</p> <p>I hope this email finds you well. I wanted to follow up our conversation on July 19th as Shear Minerals Ltd is in the process of securing the required funding to complete the Acquisition of the Jericho assets. We received a fax from Mr. McNiven yesterday and would like to see if we can schedule a conference call sometime this week to discuss?</p> <p>We look forward to hearing from you soon.</p> <p>Sincerely, Pamela</p> <p>(cc: Mr McNiven and Mr. Donahee), (cc: Greg Missal, Denise Lockett)</p>
Aug 4, 2010	15:59	Charlie Evalik, President, Kit IA	<p>e-mail from, to PS re: I did receive you phone message earlier and had message John Donihee on the matter for a conference call. Will contact you once John Donihee confirms on your request. Not trying to be avoidive.</p>
Aug 4, 2010	17:26	Charlie Evalik, President, Kit IA	<p>e-mail to, from PS re: Charlie Perfect, we will await your timing. Cheers Pam</p>
Aug 25, 2010		Mayors Hamlets of Taloyoak, Cambridge Bay, Kugluktuk, Gjoa Haven, Kugaaruk	<p>Letter to, from PS re: We would like to inform you that Shear Minerals Ltd. is in the process of finalizing the Jericho Diamond Mine acquisition. We are implementing a comprehensive eighteen month advanced exploration program with the goal of increasing the total diamond resource base. Once we finalize the program we plan to complete an economic assessment with a view to a return to production for Jericho.</p>

			<p>As you are aware, Shear has been exploring for diamonds in Nunavut for the past 12 years and we look forward to an ongoing presence in the North; strengthening the relationships we currently have and creating new ones with the northern communities around which we work.</p> <p>We are very excited to have this opportunity to work in the Kitikmeot region with this advanced project. Contributing to the communities and for the benefit of all Northerners is something Shear Minerals is proud to be part of, as we believe, that a positive and constructive relationship with the community yields a strong foundation upon which we can both benefit.</p> <p>Should you have any questions or concerns please do not hesitate to contact me directly at 780-435-0045 or via email at pstrand@shearminerals.com.</p>
Oct 4, 2010	08:56	John Donihee, KIA Legal	<p>e-mail to, from PS re: Good morning. I hope this email finds you well.</p> <p>I wanted to touch base on a couple items – we did not hear from you about timing for a meeting with the KitlA while they were in YK (I think for Sabina), but I realize how busy schedules can get. Is Charlie or the KitlA directors anywhere for meetings in October or early November where we may be able to get squeezed in? Denise is assisting Shear and we would really like to plan a casual meeting face to face. We do need to travel up to Cambridge for some other land and permitting meetings, so if that would work let us know. Shear will be attending the Geoscience Forum and in YK the week of Nov 15-19th all week.</p> <p>The next item that we are trying to get our heads around is the assessment of reclamation for the KitlA commercial lease –</p>

			<p>Shear is working with Nuna on some getting some of the past stuff organized – Court Smith has come recommended for the reclamation – with the snow flying would you be agreeable to getting Court to site to do a prelim assessment? If you have any suggestions please let us know and I will have our environment manager and consultant will contact them.</p> <p>Thank you and we look forward to hearing from you soon.</p> <p>Pam</p>
Oct 5, 2010	08:34	John Donihee	<p>e-mail from, to PS re: Pam, thank you for your e-mail. Sorry to be a bit slow responding. The best bet for progress on the reclamation assessment is to have Court contact Geoff Clark directly and let them work it out. Lawyers are good for burying in rock piles, not in assessing the cost of reclaiming them! I'll leave the reclamation assessment to the experts -- Geoff and Court.</p> <p>I have relayed the balance of your e-mail to Charlie and Paul Emingak asking for some indication of what might work with Charlie's schedule. I know he wants to meet with you and hear first hand what Shear has planned for the Jericho site. Once we have some possible dates we'll get back to you.</p> <p>I trust that all is well and a little less frantic for you now and hope we can find an early date for a meeting.</p>
Oct 6, 2010	12:37	John Donihee	<p>e-mail to, from PS re: Awesome John, I will get Denise to organize with Paul.</p> <p>Thanks</p> <p>Pam</p>

Oct 6, 2010	13:49	Paul Emingak (A/Executive Director KIA)	e-mail to, from DL re: Hi Paul – further to John Donihee's e-mail to Pam Strand, can you please let me know a good date/time/location for a meeting?
Oct 13, 2010	08:12	Paul Emingak (A/Executive Director KIA)	e-mail from, to DL re: Charlie Evalik advised the meeting can take place at Nunasi Corporation office on November 18 at 4:00 PM, Charlie will contact Nunasi CEO - Tim Zehr for the boardroom, then KIA will take Pam and her group to dinner, this dinner to be announced.
Oct 14, 2010	16:04	Paul Emingak (A/Executive Director KIA)	<p>e-mail to, from DL re: Hello Paul:</p> <p>Pam passed a letter along to me today dated September 24 from Mr. Evalik stating that a presentation to the KIA Board of Directors could be arranged.</p> <p>Can you confirm for me that the meeting on November 18 in Yellowknife is with or without the Board of Directors.</p> <p>Pam would like at the November 18 meeting to introduce her team to the KIA, and provide a presentation on Shear Minerals, and discuss the upcoming water license renewal. It is likely that there will be six people in the Shear Minerals team including Ms. Strand.</p>

Jan 5, 2011	12:47	Jim MacEachern, CEDO Hamlet of Cambridge Bay	e-mail from, to DL re: Good Morning Denise, Thank you for your email and for providing details on your visit to Cambridge Bay and Kugluktuk during the week of January 16. We look forward to meeting with you, Fred and Jennifer for introductions and to discuss potential opportunities in Cambridge Bay and the Kitikmeot region. I will make sure that I am available on January 17 th and I will speak with the mayor, deputy mayor and other staff members that you feel would be appropriate for these meetings. Unfortunately, due to previous commitments, Steve King may not be available on January 17 th . I am currently exploring locations that might be available, and suitable, for you to conduct interviews, collect resumes and meet with prospective employees. However, as the room has already been reserved, the Hamlet Council Chambers are not an option at this point. Can you tell me how much room or space you will require for your January 18 th sessions? Please let me know if you have any questions or if you require additional information.

			<p>I hope you had a great Christmas and New Year's Eve.</p> <p>Thanks,</p>
