Re: Renewal of Water License Application –NWB1JER9801 – Jericho Project

The Nunavut Water Board received an application for permit renewal from Tahera Corporation for prospecting, continued surface drilling, on-ice drilling, underground drilling, operation of the bulk sample plant, domestic use and associated activities, environmental baseline data collection, demobilization of equipment and potentially future underground bulk sampling.

Notice of this application will be posted at local organizations in Kugluktuk, Cambridge Bay, Bathurst Inlet and Umingmaktok.

The following documents are available through the internet on our ftp site at <ftp://ftp.nwb.yk.com> in the folder "NWB1JER9801":

- notice (in English and Inuitnaqtun)
- cover letter dated September 6, 2002
- application form
- supplementary questionnaire for exploratory/remote camp
- copy of mineral leases

NWB1JER9801 is currently being screened by NIRB, and will be processed by NWB when NIRB completes its determination. Parties involved in NIRB's screening can send their comments directly to NIRB as per their instructions. For all other parties, the Nunavut Water Board is accepting written concerns and comments with regards to this project before **November 8, 2002**.

Sincerely,
