Dear Sir:

**RE: Budget for KIA and NTI Participation in NWB Jericho Project
Licence Proceeding**

Mr. Charlie Evalik, President of the Kitikmeot Inuit Association (KIA) has instructed myself and John Donihee to cooperatively advise the Nunavut Water Board (NWB) of the need for funding to assist the collaborative effort planned between Nunavut Tunngavik Incorporated (NTI) and KIA in order to participate in the NWB Jericho Project water licensing process. Mr. Donihee has sent a letter under separate cover outlining KIA and NTI's requirement for intervenor funding, and I am sending a letter outlining KIA and NTI's budget. KIA and NTI have recently participated in Nunavut Impact Review Board (NIRB) Hearings and we have the experience of knowing the true costs of participating in Hearings similar to the NWB proceeding for Tahera. These costs are reflected in our proposed budget (Table 1).
