Subject: FW: DFO's ongoing discussions with Tahera

Hi Stephanie,

As follow-up to our telephone conversation today, DFO has been in contact with Tahera to discuss some of the issues identified in our Public Hearing submission to NIRB. We are planning a conference call for early next week in attempt to resolve as many of these issues as possible, prior to the hearings. We will be sure to summarize any revisions/outcomes arising from these discussions, and submit them to NIRB prior to Dec 19.

If you have any questions or concerns please feel free to contact Stephanie Critch or myself.

Cheers,
LK
