Re: Status of Jericho Diamond Mine and Requirements to meet the Jericho Project Certificate [No. 002]

Dear Greg Missal;

The Nunavut Impact Review Board (NIRB) is aware that on January 16, 2008, Tahera Diamond Corporation (Tahera) filed for creditor protection citing insufficient funds to operate the Jericho Diamond Mine. Further, on April 25th 2008, Tahera released a press statement indicating that the processing plant and mine infrastructure were being prepared for a period of Care and Maintenance. In relation to the monitoring activities that the NIRB is required to conduct for this project, the NIRB hereby requests that Tahera provide in writing how they would continue to comply with the Jericho Diamond Mine Project Certificate that was issued on July 2004 [Project Certificate No. 002] during this period of Care and Maintenance.

The NIRB requests that this information be provided by August 29, 2008.

Sincerely,

Sophia Granchinho Technical Advisor

Nunavut Impact Review Board

cc: Bruce Ott, Tahera Diamond Corporation
