

February 21, 2006

Dear Parties,

My name is Josh Gladstone. As the Monitoring Officer for the Nunavut Impact Review Board (NIRB) I will oversee the monitoring program for the Jericho Project. I am excited to begin the renewal of this program and look forward to hearing your input. To this effect, I am writing both to introduce myself as Monitoring Officer and to ask for your help in further developing the monitoring program.

As you are aware, under Condition 1 of the Jericho Project Terms and Conditions NIRB has been given the responsibility to monitor the Project as it proceeds and to analyze the success of the Project Terms and Conditions. I am currently arranging meetings with the following regulators: KIA, INAC, DFO, EC, GN (DoE, H&SS, ED&T), NWB, NRCan, HC, and WCB. Proposed topics of discussion include areas of jurisdiction, regulatory instruments, reporting, inspections and monitoring, avoiding duplication, sharing of information, scheduling, and recent events. If you have not been included on this list of regulators but would like to be, please contact me to arrange a meeting.

If you would like to discuss any aspect of the Jericho Project that might involve NIRB, I would be happy to hear from you at your convenience.

Thank you for your time and your help. I look forward to working with you in the future.

Sincerely

*(Original signed by)*

Josh Gladstone  
Monitoring Officer  
Nunavut Impact Review Board
