Dear Ms. Copeland,

First of all we would like to thank your staff for drafting the ToR for Kitikmeot Socio-Economic Monitoring Committee.

Secondly we are requesting that the GN be given a two working day extension for submitting its coordinated comments and responses to the draft ToR. GN staff are reviewing the draft ToR with their respective departments; however we would like to have a consolidated version finalized for submission to the board. With your board's approval we will be send a consolidated response to you on May 16th, 2006.

Thank you.

Yours truly,
