Re: NIRB requesting comments on the 2006 Wildlife Mitigation and Monitoring Report

Dear Parties,

The Nunavut Impact Review Board (NIRB) acknowledges receipt of Jericho Diamond Mine's 2006 *Wildlife Monitoring Program Data Summary Report* which is a requirement of Appendix D, Part I, number 1 of the Project Certificate. The report, submitted on April 10, 2007, is available on NIRB's ftp site at

http://ftp.nunavut.ca/nirb/NIRB_MONITORING/00MN059-JERICO_MONITORING/02-MONITORING%20AND%20MANAGEMENT%20PLANS/Wildlife%20Mitigation%20&%20Monitoring%20Plan/Reports/2006/

The NIRB is requesting that interested parties review this document and provide comments with respect to their areas of expertise by May 23, 2007.

NIRB would like Parties to provide comments regarding:

- Whether the wildlife monitoring was carried out according to the specific objectives of the draft Wildlife Mitigation and Monitoring Plan (November 2005) document;
- Whether the report provides a clear summary of the wildlife mitigation and monitoring that Tahera carried out; and
- Whether the wildlife monitoring program met with the requirements of the Jericho Project Certificate terms and conditions.

Please send your comments to the attention of NIRB's Manager of Environmental Administration Leslie Payette at lpayette@nirb.nunavut.ca.
