

RECEIVED*By Manager of Licensing at 11:01 am, Sep 13, 2011***Pending submissions****LEGEND for proposed revised delivery**

	As soon as possible
	90 days prior to implementation
	60 days prior to implementation
	90 days post construction

Consideration

URGENT
Likely significant changes for existing, or new plan
Previous plan with significant or reasonable review previously
No review

Report/Plan**PKCA**

PKCA MP	60 days before production currently
Divider Dyke B Design	60 days before construction currently
Divider Dyke B construction report	90 days post construction currently
Perimeter Berm Design	60 days before construction currently
Perimeter Berm construction report	90 days post construction currently
North Dam Design	60 days before construction currently
North Dam Construction report	90 days post construction currently
Settling Pond Dam (potential)	60 days before construction currently-contingency

From recent Shear Plan

6-9 months pre-production
3-6 months pre-production
6-9 months pre-production
3-6 months pre-production
6-9 months pre-production
3-6 months pre-production

Waste Management

Landfill Design Report	60 days before construction currently	9-12 mths prior to production
Landfill Construction Report	90 days post construction currently	9-12 mths prior to production
Landfarm Design	60 days before construction currently	9-12 mths prior to production
Landfarm Construction Report	90 days post construction currently	9-12 mths prior to production
Landfarm Mgmt Plan	prior to commissioning currently	
WRMP	60 days before production currently	<3 months pre-production

RECLAIM estimate

To be revised by Shear prior to Hearing

SWMP

Needs revision to go from C&M to commissioning
incl engr design of berms on collection ponds
conceptual in SWMP
Detailed design within 60 days of construction

AEMP

60 days before production
Needs revision to go from C&M to commissioning
Needs further revision pre-mining

<3 months pre-production

Contingency Management Plan

Very Large Plan
4th version currently
significant review to date

<3 months pre-production

Mine Plan	Potentially significantly modified	
Updated Abandonment and Restoration Plan		<3 months pre-production
GMP	Needs revision to go from C&M to comissioning 29-Apr-12	
WMP	29-Apr-12	
Explosives Management Plan	29-Apr-12	
QA/QC Plan	29-Apr-12
