This is attempt 2 to get this through to you all. We are having serious problems with our outgoing email.

In response to your email dated August 26, 2008 regarding the submission of a Type A application for the Kiggavik Project, I suggest you submit your application and project proposal direct to NPC for a conformity review and to trigger the process. If you would cc the Nunavut Water Board with the same information that would be fine. Please provide our Gjoa Haven office with 2 copies and forward one copy direct to Dave Hohnstein at 18831-81A Avenue, Edmonton, AB T5T 5B4. If you have any further questions, please don't hesitate to contact our office. There is no need to submit the Mine Development Questionnaire at this time as it is outdated.

Regards,

Phyllis Beaulieu
