APPENDIX B – NIRB’S POWERPOINT PRESENTATION

Nunavut Impact Review Board Public Scoping Meetings

For the Part 5 Review of the Kiggavik Project

April 26 – May 10, 2010

Outline

- Introduction of the NIRB
- NIRB Process Overview
- Brief File History of the Kiggavik Project
- Coffee break
- Kiggavik Project Components
- Coffee break
- Scoping List for the Kiggavik Project
- What are your concerns?
- How to Contact the NIRB

Nunavut Impact Review Board 2

What is NIRB?

- Nunavut Impact Review Board (NIRB) is an Institution of Public Government created under Article 12 of the Nunavut Land Claims Agreement (NLCA)

Nunavut Impact Review Board 3

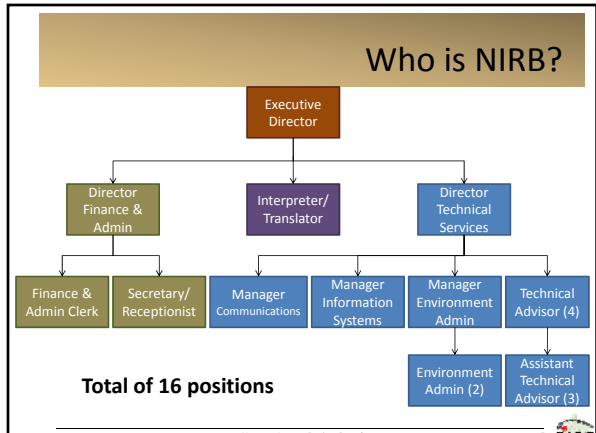

Who is NIRB?

- Currently 9 Board Members
- Board members live in communities throughout Canada:
 - Gjoa Haven, Cambridge Bay, Kugluktuk
 - Whale Cove, Baker Lake
 - Iqaluit
 - Sanikiluaq
 - Ontario

Nunavut Impact Review Board 4

Who is NIRB?

```

graph TD
    ED[Executive Director] --> DFA[Director Finance & Admin]
    ED --> IT[Interpreter/Translator]
    ED --> DTS[Director Technical Services]
    DFA --> FAC[Finance & Admin Clerk]
    DFA --> SR[Secretary/Receptionist]
    IT --> MC[Manager Communications]
    IT --> MIS[Manager Information Systems]
    DTS --> MEA[Manager Environment Admin]
    DTS --> TA4[Technical Advisor 4]
    MEA --> EA2[Environment Admin 2]
    TA4 --> ATA3[Assistant Technical Advisor 3]
  
```

Total of 16 positions

Nunavut Impact Review Board 5

What does NIRB do?

NIRB's Mission is:

- *To protect and promote the well being of the Environment and Nunavummiut through the Impact Assessment process*

NIRB's Mandate:

- *Environmental Impact Assessment*

Nunavut Impact Review Board 6

Ecosystemic Impacts

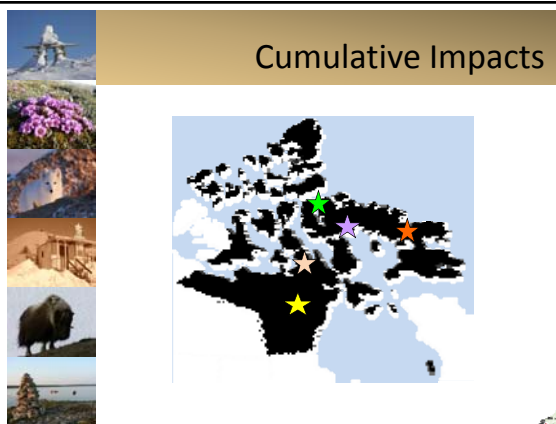

Nunavut Impact Review Board

Socio-Economic Impacts

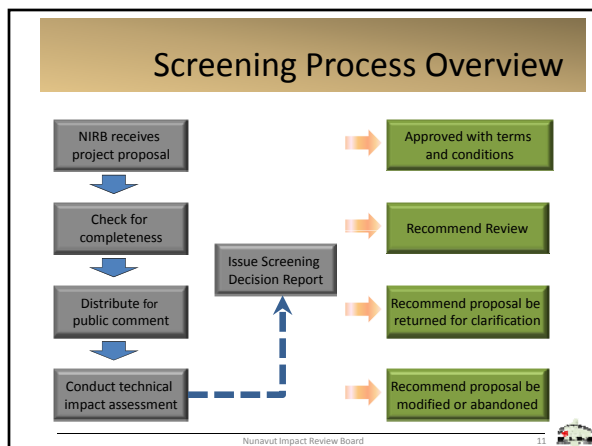

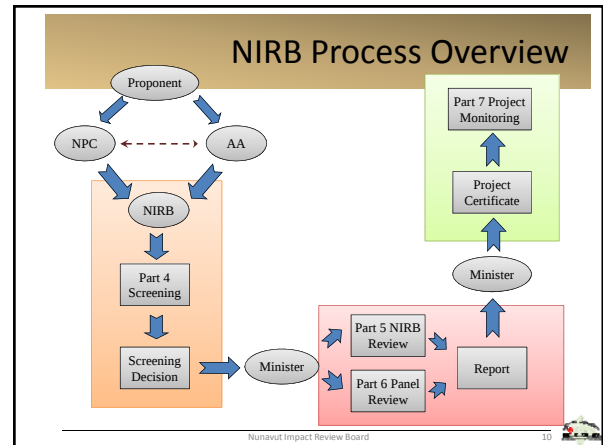

Nunavut Impact Review Board

Cumulative Impacts

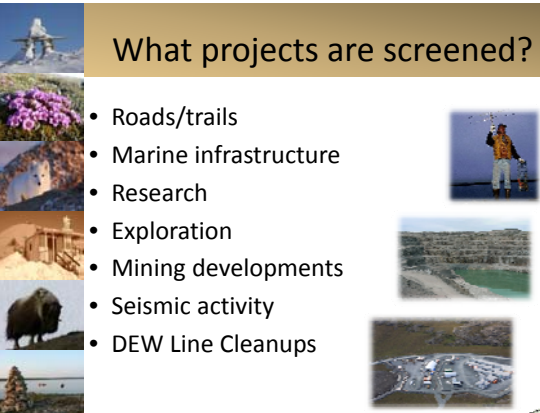

Nunavut Impact Review Board

What projects are screened?

- Roads/trails
- Marine infrastructure
- Research
- Exploration
- Mining developments
- Seismic activity
- DEW Line Cleanups

Nunavut Impact Review Board

When is a review required?

- Significant adverse effects on the ecosystem, wildlife habitat or Inuit harvesting activities,
- Significant adverse socio-economic effects on northerners,
- Significant public concern, or
- New technological innovations for which effects are unknown.

Nunavut Impact Review Board

13

Why are we here today?

To discuss:

- NIRB review process
- Kiggavik project components
- Scope of the Kiggavik project
- Questions or concerns communities might have

Nunavut Impact Review Board

14

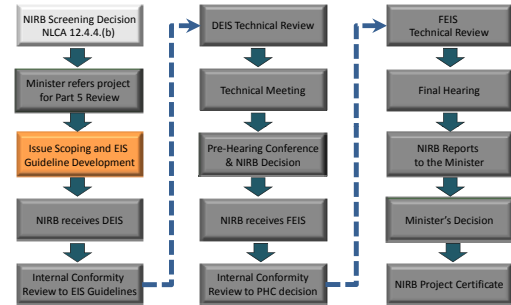

Kiggavik Project - overview

- Proposed uranium mine near Baker Lake
- Includes three areas:
 - Kiggavik site
 - Three open pits
 - Sissons site
 - One open pit
 - Underground mine
 - Baker Lake dock site
- 90 km access road from Baker Lake to Kiggavik

Nunavut Impact Review Board

15

Part 5 Review Process

Nunavut Impact Review Board

16

What is scoping?

Scoping is a process for identifying which components of the environment may be impacted by a project, and what people think about the project

Nunavut Impact Review Board

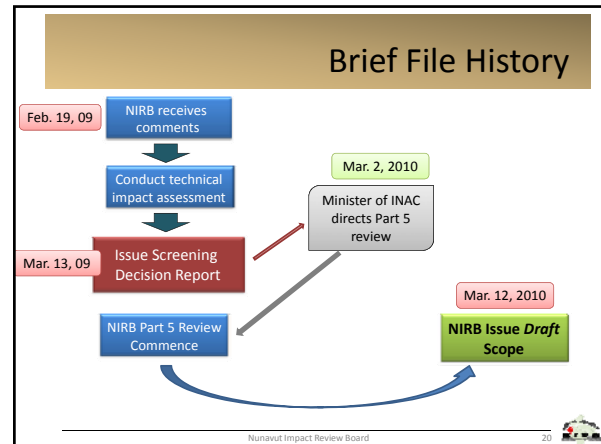

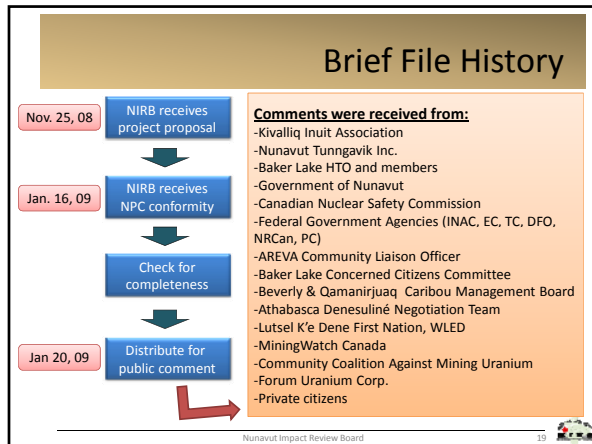

17

How to be a part of Scoping?

- Public meetings may be held by NIRB in potentially affected communities, where residents can provide the NIRB with their comments and concerns about a project.
- People can email, fax, write or call the NIRB to say what they think about a project.
- People can tell their local HTO, Hamlet or CLARC what they think about a project.

Nunavut Impact Review Board

18

Brief File History

- Minister of INAC highlighted key issues for NIRB:
 - The use of new technology for mine design, and operation and tailings containment.
 - The Minister stated : *"It is essential that these aspects of the Proposal are thoroughly assessed in order to ensure impact predictions to surface and ground water are accurate."*
 - The importance of a thorough cumulative effects assessment.
 - The Minister stressed that: *"Cumulative impacts of particular concern include those to caribou, caribou migration and calving grounds, and related socio-economic impacts to Baker Lake and other impacted communities."*

21

Brief File History

- Minister of INAC highlighted key issues for NIRB (cont'd):
 - Scoping the proposal according to the Board's jurisdictional authority.
 - Ensuring the review is conducted in a manner which enables and supports meaningful participation of the public and facilitates thorough public consultation.
 - The Minister highlighted that: *"The very technical nature of some of the issues that have raised concern may warrant additional community information sessions."*

22

Kiggavik Project

Who is the proponent?

AREVA
PURE ENERGY

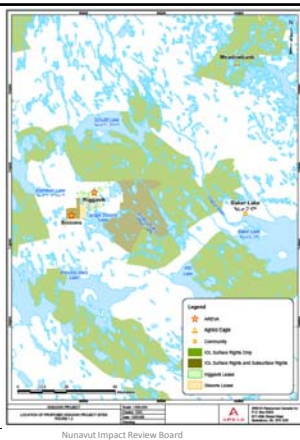

AREVA Resources Canada Inc.

- Canadian company headquartered in Saskatoon, Saskatchewan.
- Company is part of the AREVA Group of companies, headquartered in France.

23

Kiggavik Mine Site Location

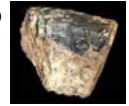

Nunavut Impact Review Board

25

What is Uranium?

- Uranium is a radioactive element
- Found in soil, rock and surface and groundwater and ocean
- Largest deposits of uranium found in Australia, Kazakhstan and Canada
- Main use of uranium as fuel to generate electricity in nuclear reactors

Example of uranium ore

Nunavut Impact Review Board

26

Uranium Mining

- Similar to any other metal mining:
 - Uranium ore removed by open-pit mining or underground mining methods
 - Transportation of ore to mill for processing – ore is purified with addition of chemicals
 - Production of wastes and tailings
 - Shipment of uranium concentrate to refineries
- Wastes and tailings from mine contains radioactive elements
 - Requires special management
- Potential radiation doses to workers

Nunavut Impact Review Board

27

Uranium Regulation

- Uranium mining and milling industry is licensed, regulated and monitored by federal government – **Canadian Nuclear Safety Commission**
 - A federal quasi-judicial agency which reports to Parliament through the Minister of Natural Resources
 - Regulates the use of nuclear energy and materials
 - to protect the health, safety and security of Canadians and the environment;
 - to respect Canada's international commitments on the peaceful use of nuclear energy; and
 - to disseminate objective information on the CNSC.

Nunavut Impact Review Board

28

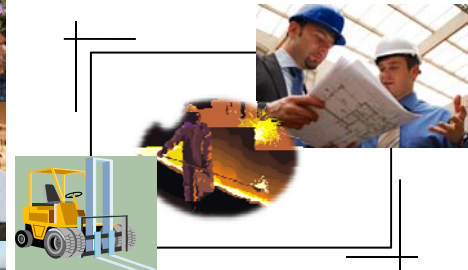

Project Schedule

- **Construction phase:** approximately 3 years
- **Operation:** anticipated to be ~ 17 years, subject to additional exploration
- **Closure and Reclamation:** approximately 5 years

Nunavut Impact Review Board

29

Project Components

Nunavut Impact Review Board

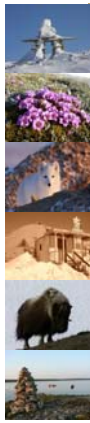

30

Major Project Components

- Kiggavik mine site
- Sissons mine site
- Baker Lake dock site
- Road transportation connecting Baker Lake to Kiggavik area
- Mobilization and shipping
- Air transportation
- Site haul road between Kiggavik and Sissons

Nunavut Impact Review Board 31

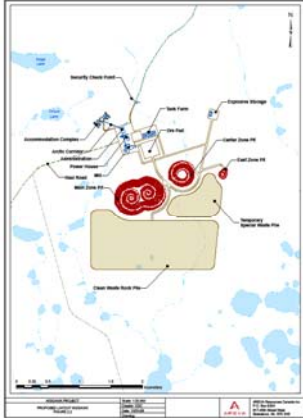

Kiggavik Mine Site

Facilities:

- 3 Open pit mines (East Zone, Center Zone and Main Zone)
- Tailings management facility
- Mill facility
- Water treatment facility
- Explosives storage
- Waste rock and special waste management facilities
- Roads and airport
- Camp facility including administration complex, dry facilities and accommodations complex

Nunavut Impact Review Board 32

KIGGAVIK MINE SITE LAYOUT

Nunavut Impact Review Board 33

Conceptual Kiggavik Layout

Nunavut Impact Review Board 34

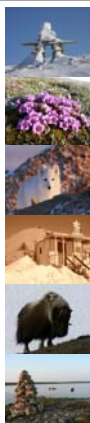

Kiggavik Mine Site

Activities:

- Open pit mining
 - Use of conventional drilling and blasting to extract ore
- Ore processing and stockpiling
- Processing of ore mined at Kiggavik and Sissons sites
 - ~ 3,000 tonnes uranium concentrate/year
- Transportation of yellowcake (uranium concentrate – U_3O_8)
- Storage of special waste

Nunavut Impact Review Board 35

Sissons Mine Site

Facilities:

- 1 open pit mine (Andrew Lake)
- 1 underground mine (End Grid)
- Satellite explosives storage
- Waste rock and special waste management facilities
- Roads
- Satellite maintenance shop, dry facilities and offices

Nunavut Impact Review Board 36

SISSONS MINE SITE LAYOUT

Nunavut Impact Review Board

37

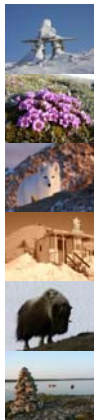

Conceptual Sissons Layout

Nunavut Impact Review Board

38

Sissons Mine Site

Activities:

- Andrew Lake
 - Open pit mining
 - Dewater lake to access ore body
- End Grid
 - Use of underground mining methods
- Ore stockpiling
- Transportation of ore to Kiggavik mill for processing
- Storage and management of waste rock and special waste rock

Nunavut Impact Review Board

39

Baker Lake Dock Site

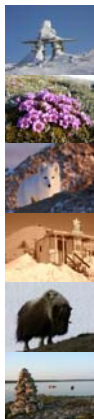

Facilities:

- Wharf
- Fuel storage/tank farm
- Storage facility
- Warehouse and laydown area
- Satellite administration and community liaison office

Nunavut Impact Review Board

40

Baker Lake Dock Site

Activities:

- Wharf to allow docking of 2 barges
- Transfer of fuel from barges to tank farms
- Baker Lake Facility
 - Storage of materials and supplies
 - Storage of yellowcake until shipped
- Shipment of fuel and supplies to Kiggavik

Nunavut Impact Review Board

41

Shipping and Mobilization

Nunavut Impact Review Board

42

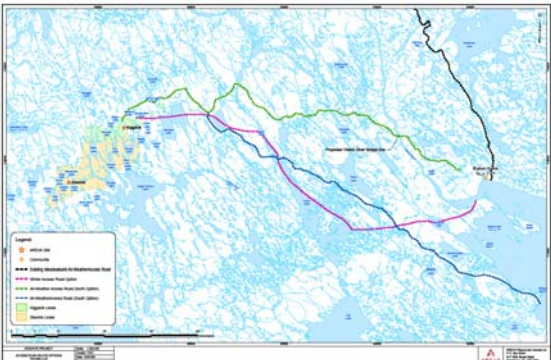

Shipping and Mobilization

- Two different shipping methods proposed:
 - Use of ocean going vessels to bring in supplies to Churchill or Chesterfield Inlet
 - Maximum 5 round-trips for dry goods
 - 2 round-trips for fuel
 - Use of tug-barge vessel from Churchill or Chesterfield Inlet to Baker Lake
 - 7,500 tonne capacity (~370 sea containers)
 - Barges to be built with a shipping partner
 - ~23 barge deliveries made/year
- Empty barges used to ship yellowcake from Baker Lake to Churchill

Nunavut Impact Review Board 43

Road Transportation

Nunavut Impact Review Board 44

Road Transportation

- 90 km access road from Baker Lake to Kiggavik
- Several options being considered:
 - Winter road
 - All-weather road
- Road to be used for the transportation of supplies and yellowcake
- Site haul road between Kiggavik and Sissons

Nunavut Impact Review Board 45

Road Transportation

Winter Road Option:

- Route will pass over ~ 50% ice
- Road re-constructed every year
- Heated refuge stations along the route
- Dock located on north/south shore of Baker Lake

Nunavut Impact Review Board 46

Road Transportation

All-Weather Road, north route:

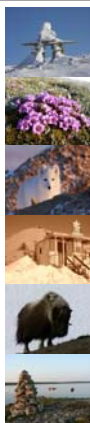

- Follows alongside existing ATV trail north of Baker Lake and cross Thelon River
 - Thelon bridge crossing
 - Thelon cable-ferry/ice bridge crossing
- Dock on north shore of Baker Lake

All-Weather Road, south route:

- Begins on south shore of Baker Lake and continues west to Kiggavik
- Dock on south shore, Huqlik Island

Nunavut Impact Review Board 47

Air Transportation

- 2000 metre airstrip
- Use for transportation of employees, goods and yellowcake
- Facilities include air terminal, airstrip and associated navigational aids

Nunavut Impact Review Board 48

Transportation of Yellowcake (uranium concentrate)

- Dried yellowcake is packed in drums
- Drums packed in sea containers
 - ~ 265 sea containers shipped/year (3,000 tonnes of uranium/year)
- 2 options for transportation of yellowcake
 - Air from Kiggavik to southern Canada
 - Truck to Baker Lake and barge to southern Canada

Nunavut Impact Review Board 49

Employment

- Preferential hiring of Kivalliq residents from the 7 Kivalliq communities
- Employ 400 – 600 personnel during operation
- On the job training opportunities

Nunavut Impact Review Board 50

Closure and Reclamation

- Closure and Reclamation Plan required
- Reclamation will occur throughout the life of the project
- Decommissioning activities will be ~ 5 years after closure of mine
- Minimum of 5 years of post-closure monitoring

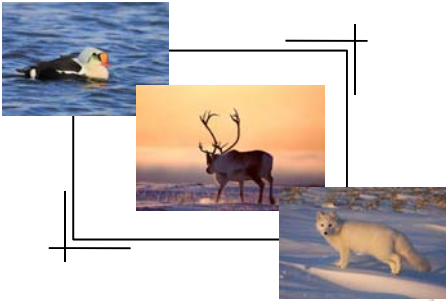

Nunavut Impact Review Board 51

Scoping List

- Ecosystemic and socio-economic factors and other items to be considered in assessing the effects of the project

Nunavut Impact Review Board 52

Ecosystemic Impacts

Nunavut Impact Review Board 53

Ecosystemic Impacts

- Meteorology and Climate, including climate change
- Air Quality
- Noise and Vibration
- Geology and Geomorphology
- Hydrology (including water quantity) and hydrogeology

Nunavut Impact Review Board 54

Ecosystemic Impacts

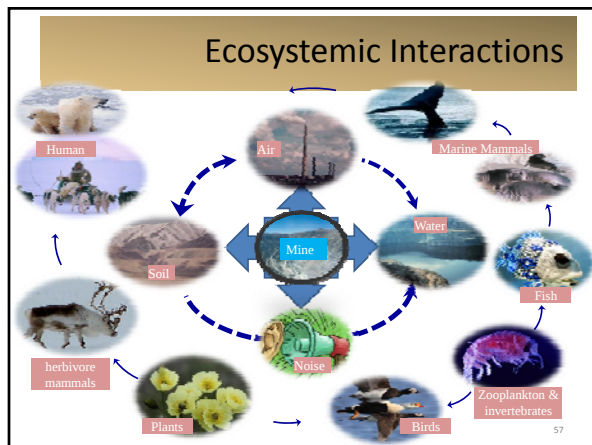

- Surface and Groundwater Quality
- Ground Stability and Permafrost
- Terrestrial Environment
- Vegetation
- Freshwater Aquatic Environment

Nunavut Impact Review Board 55

Ecosystemic Impacts

- Freshwater Biota, including fish and fish habitat
- Marine environment including marine water and sediment quality
- Marine wildlife, organisms, fish and habitat
- Terrestrial wildlife and wildlife habitat
- Birds

Nunavut Impact Review Board 56

Socio-Economic Impacts

Nunavut Impact Review Board 58

Socio-Economic Impacts

- Socio-Economic Factors include:
 - Benefits (positive impacts)
 - Population demographics
 - Education and training
 - Livelihood and employment
 - Community Infrastructure and public services
 - Contracting and business opportunities
- Human Health and Well-being
- Cultural, archaeological and palaeontological resources
- Traditional knowledge

Nunavut Impact Review Board 59

Other Impacts

- **Cumulative Impacts**
 - Effects resulting from incremental impact of the action when added to other past, present and foreseeable future actions.
 - Include impacts to caribou, caribou migration and calving grounds, and related socio-economic impacts to Baker Lake and other communities – *Minister's direction*
- **Transboundary effects**
 - Anticipated transboundary effects on the communities potentially impacted by the Project.

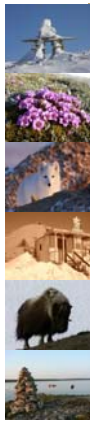

Nunavut Impact Review Board 60

Other Items

- **Risk Management/Security**
 - Review company's reputation including management of other mine projects
 - Environmental track record
 - Capability of posting bonds
 - Ensure company include emergency response, hazardous materials management, and accidents and malfunctions plans

Nunavut Impact Review Board 61

Other Items

- **Project Alternatives Assessment**
 - All alternatives means of carrying out the Project and project components will be assessed including the environmental effects.

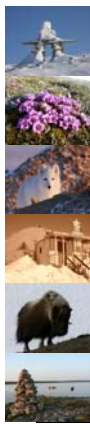

Nunavut Impact Review Board 62

Other Items

- **Monitoring Programs and Post-project Analysis**
 - Establish environmental and socio-economic monitoring programs.
 - Measure the relevant effects of project on ecosystemic and socio-economic environments.

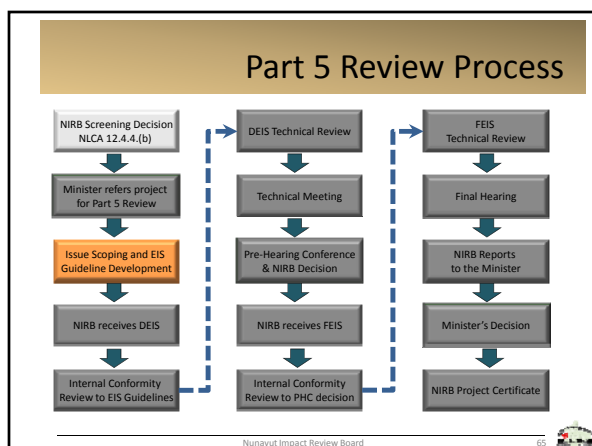

Nunavut Impact Review Board 63

Other Items

- **Technological Innovations**
 - Technological innovations previously untested in the Arctic including new technology for mine design, and operation and tailings containment.
 - Important to assess the use of new technology to ensure impact predictions to surface and ground water are accurate
 - *Minister's direction*

Nunavut Impact Review Board 64

Next Steps in the NIRB Review Process

- Summary Report from Community Meetings
- Finalization of Scope
- Environmental Impact Statement (EIS) Guideline Development
- Technical Review of EIS
- Additional community meetings

Nunavut Impact Review Board 66

Proponent's Obligations

- Provide information regarding pre-project consultation efforts with potentially affected communities.
- Provide information on how AREVA will resolve any differences brought up during community meetings.
- Provide a summary of public comments and present in EIS.
- Meet NIRB's 10 Minimum EIS Requirements.

Nunavut Impact Review Board

67

NIRB wants to hear from You!

- What do you think about the Project?
- Comments and concerns you and your community might have.
- What environmental components are important to you and your community?
- What potential effects this Project might have on the land, animals and people?

Nunavut Impact Review Board

68

How to stay informed?

- Request to be placed on NIRB's email distribution list 
 - You will receive regular updates at every stage of the review process
- Phone NIRB anytime and ask to speak to someone about the Project
- Visit the NIRB's public registry and access information related to the review (<http://ftp.nirb.ca>) 

Nunavut Impact Review Board

69

How to contact NIRB?

- **Phone (toll-free):** 1-866-233-3033 
- **Fax:** (867) 983-2594 
- **Email:** info@nirb.ca 
- **Regular post:**
 - Nunavut Impact Review Board (NIRB)
 - PO Box 1360
 - Cambridge Bay, NU
 - X0B 0C0

Nunavut Impact Review Board

70

Questions?

Nunavut Impact Review Board

71

APPENDIX C – PUBLIC MEETING NOTICE MATERIALS

Appendix C-1 Public Meeting Flyer Samples (English and Inuktitut)

THE NUNAVUT IMPACT REVIEW BOARD

PUBLIC MEETINGS

The Nunavut Impact Review Board (NIRB) will be holding Public Meetings related to **AREVA Resources Canada Inc's Kiggavik Uranium Mine Project** and the NIRB's Environmental Assessment Process.

The NIRB invites everyone to attend and learn more about:

- ⇒ THE PROPOSED KIGGAVIK URANIUM MINE PROJECT
- ⇒ THE NIRB AND THE PART 5 REVIEW PROCESS
- ⇒ HOW YOU CAN EFFECTIVELY PARTICIPATE IN THIS PUBLIC REVIEW PROCESS

NIRB WANTS TO HEAR FROM YOU!

THIS IS YOUR CHANCE TO ASK QUESTIONS AND PROVIDE INPUT!

MEETINGS WILL BE FROM 6:30 PM TO 10:00 PM AT

BAKER LAKE	COMMUNITY CENTER	—APRIL 25, 26 & 27
REPULSE BAY	TUSARVIK SCHOOL GYM	—APRIL 28 & 29
CORAL HARBOUR	UNAINUK ARENA	—APRIL 30 & MAY 1
CHESTERFIELD INLET	COMMUNITY HALL	—MAY 2 & 3
ARVIAT	RECREATION COMPLEX	—MAY 4 & 5
WHALE COVE	COMMUNITY ARENA	—MAY 6 & 7
RANKIN INLET	COMMUNITY ARENA	—MAY 9 & 10

**COFFEE AND TEA WILL BE PROVIDED AND
DOOR PRIZES WILL BE GIVEN AWAY!**

CONTACT US:

Box 1360 Cambridge Bay, NU X0B 0C0
Phone toll-free: 1 (866) 233-3033

Appendix C-2 Radio Announcement Samples

Cover Letter of Radio Announcement for Baker Lake (English)

April 16, 2010

Public Service Announcement – Radio

Baker Lake

Good Day,

The Nunavut Impact Review Board (NIRB) will be visiting Baker Lake on April 25th, April 26th and April 27th and we would greatly appreciate your assistance in helping us make this visit a success.

We would ask that you make the following announcement three times daily starting April 17th and run it until April 27th. Once in the morning, lunchtime, and evening would be excellent.

If you have any questions, please call Sophia Granchinho at NIRB, 1-866-233-3033. We look forward to seeing you soon!

Thank You!

Sophia Granchinho
Nunavut Impact Review Board

Radio Announcement (English)

Announcement:

The Nunavut Impact Review Board (NIRB) is holding Public Meetings to discuss the review of **AREVA Resources Canada Inc's Kiggavik Uranium Mine project**, in accordance with Part 5 of Article 12 of the Nunavut Land Claims Agreement.

The NIRB invites everyone to attend and learn more about:

- THE PROPOSED KIGGAVIK URANIUM MINE PROJECT
- THE NIRB AND THE PART 5 REVIEW PROCESS
- HOW YOU CAN EFFECTIVELY PARTICIPATE IN THIS PUBLIC REVIEW

The NIRB will be hosting these meetings at the Community Recreation Centre at the following times:

- **April 25th** Open House from **6:30 pm** to **10:30 pm**
- **April 26th** Public Scoping Meetings from **6:30 pm** to **10:30 pm**
- **April 27th** Public Scoping Meetings from **6:30 pm** to **10:30 pm**

Coffee and tea will be provided and door prizes will be given away!

[illegible][illegible]
