Dear Ms. Hanson:

Re: Request to extend AREVA Resources Canada Inc. time to process submitted Information Requests

On July 13, 2012 the Nunavut Impact Review Board (NIRB) forwarded Information Requests (IRs) to AREVA Resources Canada Inc. (AREVA) with respect to the Kiggavik Draft Environmental Impact Statement. The NIRB requested AREVA review these requests by July 31, 2012 in order to determine AREVA's anticipated IR response submission date. AREVA is requesting that our response schedule be provided to the NIRB and other parties on or before August 31, 2012 to allow for our further review and a more informed response schedule.

AREVA appreciates the timely IR review conducted by participating parties and the subsequent NIRB review of IRs. We look forward to advancing the Kiggavik environmental assessment, engaging with participating parties and communities and the consideration and integration of comments.

Yours truly,
